

# Results of the Implementation of a Modernized Tropical Cyclone Operations Plan for a Coastal WFO

John F. Purdy  
Lead Forecaster  
WFO Mobile, AL

- n Performed a Post-Ivan Internal Operational Assessment in 2004
- n Discovered the Need for a More Structured Outline of Duties and Responsibilities
- n Created a New Position to Supervise Operations – Operational Coordinator (OC)
- n Increased Our Effective Internal and External Communications
- n Less Fatigue / Higher Situational Awareness During Moments of High Stress
- n Higher Quality Grid and Text Products With More Accurate and Timely Information
